Classifications

Backcountry Ski Area - no service, local inquiries advised

Touring Trail - marked, mapped

Tracked Trail - marked, mapped, tracks set by machine or ski, regularly maintained

Groomed and Track Set - marked, mapped, snow surface groomed or tilled and tracks set by machine, regularly maintained

Groomed, Tracked and Renovated - marked, mapped, groomed, track set and mechanically renovated as necessary, regularly maintained

Definitions

Grooming - mechanical or manual alteration or working of the snow surface to provide a level trail

Marked - marked in such a manner that the skier finds the trail and can complete their ski without leaving the trail

Renovating - involves the process of destroying and pulverizing previous set tracks to create a smooth workable surface in which new tracks can be set

Note - trails designated as “multi-use” may allow snowmobiles, CCNS does not recommend skiers share trails with snowmobiles
